(FOR KEY SEE REVERSE)

Wismut AG is constructing a large new ore-preparation plant in Dresden-Coschuetz. Work on the project is carried on night and day. In the past, ore from the uranium mines in the area surrounding Dresden was stockpiled in the open and shipped in small quantities to other ore-preparation plants, causing large losses. The new ore-preparation plant is to be located near the Kaitz-Cunnersdorf road junction.

25X1

Comment: Probably Koitzsch.
